

WILL SAMSON (UK)

Will Samson is a British-born musician exploring the middle ground between ambient, electronic, experimental & acoustic music – using a variety of recording techniques, which often focus heavily on the use of old tape machines & analogue equipment.

Since 2011, he has released a steady stream of evolving music, in the form of 3 solo albums, 2 EPs and various collaborative records.

During this time Will Samson has toured the UK and Europe - sharing stages with Kurt Vile, Marissa Nadler, Shearwater, Pinback, Timber Timbre, Ólafur Arnalds, Do Make Say Think and many more.

In Autumn 2016, Samson was the official support for The Album Leaf throughout their European tour. He has received press coverage from Groove Magazin, Spex, Intro, Radio Eins, Flux FM.

"folk-ambient genius" - **Nothing But Hope And Passion**

"Da glimmt ein ganz filigraner Ambient, irgendwo in der Schwerelosigkeit gleich hinter dem rechten Ohr und auf halbem Wege zu einem kontaktlosen sowjetischen Satelliten. Samsons Falsett sonnensegelt dazwischen durch die kalte Nacht." **Spex**

"Welch eine Entdeckung!" **Groove**

"a very special artist" - **BBC 6 Radio**

"Music is often something to escape to. Will Samson allows for just this"

- **The Line Of Best Fit**

"Will Samson has never sounded better. In fact, there's little else released this year that to even rival it" - **Gold Flake Paint**
